

bs-7642R-PE-Cy7

• Rabbit Anti-AGTRAP Polyclonal Antibody, PE-Cy7 conjugated

Conjugated Primary Antibodies

Background:

AGTRAP (Angiotensin II receptor-associated protein) interacts with the angiotensin II type 1 receptor and negatively regulates type 1 angiotensin II receptor-mediated signaling, by regulating receptor internalisation as well as mechanisms of receptor desensitization such as phosphorylation.

Purification: Was purified by Protein A and peptide affinity chromatography.

Storage:

Prepared as lyophilized powder or liquid and shipped on ice. Store at -20°C for one year. Protect from light.

Reconstitution:

If the antibody is in liquid form, no reconstitution needed.

Reconstitution is only required for the lyophilized antibody. Please refer to the reconstitution instruction card in the package.

Size: 100ul or 100ug lyophilized

Concentration: 1ug/uL

Host: Rabbit

Reactivities:

Human, Mouse, Rat, Pig, Horse, Rabbit, Sheep,

Application:

- IF(1:100-500)
- Not yet tested in other applications. Optimal working dilutions must be determined by the end user.

Antibody Type: Polyclonal

Isotype: IgG

Molecular Weight: 17kDa

Preservatives:

10ug/uL BSA and 0.1% NaN₃.

For research use only. CAUTION: Not for human or animal therapeutic or diagnostic use.
